Early 20th Century N. Indian Agra Carpet

Description

Square carpets are an Agra specialty and this decorative ivory open field carpet is an especially attractive example. The round, openwork medallion and matching corners are effectively located on a spacious undecorated ground in the Sultanabad manner. The finely detailed palmette border is also on an ivory ground.
This antique northern Indian workshop carpet shows a round filigree medallion with four small pendants and perfectly en suite quarter medallion corners. Cream palmette border. Details in ivory, beige and various lighter browns. Good condition. Makes any room look larger.
