Art Deco - European #21316

Description

Deco Rug never really died out, as this ivory open field Dutch rug proves. The narrow scroll border in shades of blue and pink, and the lack of any central motif, allow the placement anywhere of almost any kind of post 1920 furniture. The carpet is quite large and the expansive ivory ground makes it read visually even larger.

Stock ID:	#21316
General Rug Type:	European
Specific Rug Type:	Art Deco - European
Circa:	1960
